Dear Sir/Madam:

Subject: 2017 Certificate of Recognition Incentive - WorkSafeBC Account #849616

The Partners Program, WorkSafeBC's Certificate of Recognition (COR), is a voluntary employer incentive program designed to encourage injury prevention and the development of effective occupational health and safety management systems. The Partners Program promotes a workplace safety culture by recognizing and rewarding employers who commit to a high standard of occupational health and safety.

Employers participating in the COR program are eligible to receive financial incentives if all the requirements of the program have been met for the incentive year in question. We are pleased to inform you that your company met the eligibility criteria for COR in 2017. As a result, the attached cheque is being awarded to your company — in recognition of your commitment to raising the standard of worker health and safety in British Columbia.

Certifying Partner: BC Construction Safety Alliance (BCCSA)

COR type(s): Occupational Health and Safety (OHS)

Incentive amount: \$11,071.08

WorkSafeBC hopes to continue working with you and your certifying partner to build safer and healthier workplaces in B.C., and as such we encourage your company's ongoing participation in the program.

If you have any questions regarding this incentive, please contact WorkSafeBC Partners Program (COR) at 604 244-6164, toll-free at 1 866 644-6164, or by e-mail at Partners.Program@worksafebc.com.

Yours truly,

Dale Walker
Vice President, Employer, Industry and Worker Services
WorkSafeBC (Workers' Compensation Board of BC)
Enclosure: Incentive cheque
